WARREN COUNTY HEALTH DISTRICT HOMEOWNERS BOND FOR PLUMBING INSTALLATIONS

Section 1. PLUMBING FOR DWELLING

4.6 A homeowner may do plumbing work within the home in which he lives or intends to live by posting a homeowners bond of five-hundred ($500.00) dollars with the Warren County Health District. Such fees are refundable when final approval of the plumbing work is given by the department. Such bond shall be valid for a period of two (2) years. If final approval is not secured in that time period, the bond shall revert to the Warren County Health District.

This homeowners bond is issued for the homeowner to personally install plumbing in the home in which he lives or intends to live.

The homeowner agrees to install the plumbing according to Chapters 4101:3-1 to 4101:3-13 (Ohio Plumbing Code) and states that he is familiar with the regulations and methods of installing the same.

Deviations from these rules may result in forfeiture of the homeowners bond. However, forfeiture of the fee does not eliminate the necessity of securing the proper inspections and approvals. Final approval of the installation must be secured prior to the occupancy of the dwelling.

As specified by regulation, if the job is not approved within two (2) years, the homeowners bond shall expire and be forfeited. Following expiration and forfeiture, a new homeowners bond will have to be obtained in order to maintain your permit in an active status and to obtain the necessary inspections for approval.

I agree to abide by the above rules and all regulations pertaining to this installation.
