As of February 3, 2020 travelers returning from the Hubei Province, China will be required to maintain a 14 day quarantine period near a United States airport of entry. Travelers from all other areas of China are asked to self-monitor in their homes for fever and respiratory illness for 14 days after arriving in the United States, and call their health care provider if symptoms develop.

People should not be excluded from activities based on their race or country of origin. This guidance is based only on a person’s travel history.
