

EVERY CHILD READS EVERY DAY

“Every Child Reads Every Day” is the theme of the Warren County Imagination Library. As of this week, we have more than 4,500 or 35 percent of the eligible children in Warren County registered to receive free age-appropriate books monthly from the Dolly Parton Imagination Library. The three-year pilot program has been funded by the five Warren County Library Districts.

Now is the time to sign-up your children from birth to age five to receive age-appropriate books in the mail every month from the Dolly Parton Imagination Library. The program is paid for by the Ohio Governor’s Imagination Library and the Warren County Imagination Library. You can register your children at www.ohioimaginationlibrary.org/enroll.
